Transition of Care/Continuity of Care Benefits
What is Transition of Care?
Transition of care coverage allows you to continue to receive services for specified medical and behavioral conditions for a defined period of time with health care professionals who do not participate in the CIGNA network until the safe transfer of care to a participating doctor or facility can be arranged. You must apply for Transition of Care at enrollment, or change in CIGNA medical plan, but no later than 30 days after the effective date of your coverage.

What is Continuity of Care?
Continuity of Care allows you to receive services at in-network coverage levels for specified medical and behavioral conditions for a defined period of time when your health care professional is not in or leaves the CIGNA network and there are clinical reasons preventing immediate transfer of care to another health care professional. If your health care professional is leaving the CIGNA network, you must apply for Continuity of Care within 30 days of the health care professional’s termination date.

How Transition of Care/Continuity of Care Works
- You must already be treated for the condition on the Transition of Care/Continuity of Care request form.
- If Transition of Care/Continuity of Care is approved for medical or behavioral conditions, you will receive the in-network level of coverage for treatment of the specific condition by the health care professional for a defined time frame, as determined by CIGNA. If your plan includes out-of-network coverage and you choose to continue care out of network beyond the time frame approved by CIGNA, you must follow your plan’s out-of-network provisions. This includes any pre-certification requirements.
- If approved, Transition of Care/Continuity of Care coverage applies only to the treatment of the medical or behavioral condition specified and the health care professional identified on the request form. All other conditions must be cared for by an in-network health care professional for you to receive in-network coverage levels.
- The availability of Transition of Care/Continuity of Care coverage does not mean a treatment is medically necessary. Nor does it constitute pre-certification of medical services to be provided. Medical necessity determinations and pre-certifications must still be obtained during the pre-certification and case management process.

Examples of acute medical conditions that may qualify for Transition of Care/Continuity of Care include, but are not limited to:
- Pregnancy in the second or third trimester at the time of the effective date of coverage or time of health care professional termination.
- Newly diagnosed or relapsed cancer in the midst of chemotherapy, radiation therapy or reconstruction.
- Trauma.
- Transplant candidates, unstable recipients or recipients in need of ongoing care due to complications associated with a transplant.
- Recent major surgeries still in the follow-up period (generally 6 to 8 weeks).
- Acute conditions in active treatment such as heart attacks, strokes or unstable chronic conditions, etc. For the purpose of this policy, “active treatment” is defined as a doctor visit or hospitalization with documented changes in a therapeutic regimen within 21 days prior to your plan effective date or your health care professional’s termination date.
- Hospital confinement on the plan effective date (only for those plans that do not have extension of coverage provisions).
- Behavioral health conditions during active treatment.
- Durable medical equipment.
- Home health care.
- Home intravenous infusion and/or self-administered injectables other than insulin.

Examples of conditions that do not qualify for Transition of Care/Continuity of Care include, but are not limited to:
- Routine exams, vaccinations and health assessments.
- Stable chronic conditions such as diabetes, arthritis, allergies, asthma, hypertension and glaucoma.
- Acute minor illnesses such as colds, sore throats and ear infections.
- Elective scheduled surgeries such as removal of lesions, bunionectomy, hernia repair and hysterectomy.

What time frame is allowed for transitioning to a new participating health care professional?
If CIGNA determines that transitioning to a participating health care professional is not recommended or safe for the condition that qualify, services by the approved non-participating health care professional will be authorized for a specified period of time (usually 90 days) or until care has been completed or transitioned to a participating health care professional, whichever comes first.

If I am approved for Transition of Care/Continuity of Care for one illness, can I receive in-network coverage payments for a non-related condition?
In-network coverage levels provided as part of Transition of Care/Continuity of Care are for the specific illness/condition only and cannot be applied to another illness/condition. A Transition of Care/Continuity of Care request form would need to be completed for each unrelated illness/condition no later than 30 days after coverage becomes effective or your health care professional leaves the CIGNA network.

Can I apply for Transition of Care/Continuity of Care if I am not currently in treatment or seeing a health care professional?
You must already be in treatment for the condition that is noted on the Transition of Care/Continuity of Care request form.

How do I apply for Transition of Care/Continuity of Care?
Transition of Care/Continuity of Care requests must be submitted in writing, using the Transition of Care/Continuity of Care request form, at the time of enrollment, change in CIGNA medical plan, or when your health care professional leaves the CIGNA network, but no later than 30 days after the effective date of your coverage or your health care professional’s termination. After receiving your request, CIGNA will review and evaluate the information provided and will send you a letter informing you whether your request was approved or denied. A denial will include information on appeals.
CIGNA HealthCare Transition of Care/Continuity of Care Request Form

See instructions for completing this form on the reverse side.

Use a separate form for each condition. Photocopies are acceptable. Attach additional information if needed.

10. Is this patient expected to be in the hospital when coverage with CIGNA HealthCare begins or during the next 90 days? ☐ Yes ☐ No

11. Please list any other continuing care needs that may qualify for Transition of Care/Continuity of Care coverage. If these care needs are not associated with the condition for which you are applying for Transition of Care/Continuity of Care coverage, you need to complete a separate Transition of Care/Continuity of Care Form.

I hereby authorize the above provider to give CIGNA HealthCare or any affiliated CIGNA company any and all information and medical records necessary to make an informed decision concerning my request for Transition of Care/Continuity of Care Benefits under CIGNA HealthCare. I understand I am entitled to a copy of this authorization form.

Signature of Patient, Parent or Guardian | Date (mm/dd/yyyy)

Submit this request form to:

CIGNA Health Facilitation Center
Attention: Transition of Care/Continuity of Care Unit
3200 Park Lane Drive
Pittsburgh, PA 15275
Fax (412) 747-7087
Instructions for Completing the Transition of Care/Continuity of Care Request Form

Note: California customers are required to complete a separate form.

A separate Transition of Care/Continuity of Care request form must be completed for each condition for which you and/or your dependents are seeking Transition of Care/Continuity of Care. Additional forms are available on www.cigna.com. Please make certain that all questions are completely answered. When the form is completed, it must be signed by the patient for whom the Transition of Care/Continuity of Care is being requested. If the patient is a minor, a guardian’s signature is required.

To help ensure a timely review of your request, please return the form as soon as possible. You must apply for Transition of Care/Continuity of Care within 30 days of the effective date of coverage.

The first few sections of the form apply to the Employee. When the form asks for the patient’s name, enter the name of the person who is receiving care and is requesting Transition of Care/Continuity of Care.

If you answered yes to questions #1, #2, #3, #4, #5 or #6, or if you are submitting this form for Transition of Care/Continuity of Care for any other non-mental health care services, please submit this request form to:

CIGNA Health Facilitation Center
Attention: Transition of Care/Continuity of Care Unit
3200 Park Lane Drive
Pittsburgh, PA 15275
Fax (412) 747-7087

In #7, if you answered yes, and you:

(1) have a HMO, POS or Network plan, please contact CIGNA Behavioral Health for Transition of Care/Continuity of Care information by calling the Customer Service phone number on the back of your ID card.

(2) have a non-managed plan (i.e., PPO or OAP) and are receiving outpatient mental health services, you should do one of the following:

- If your employer introduced a CIGNA HealthCare plan as a new option during your group’s open enrollment period, you are not required to submit a Transition of Care/Continuity of Care Request Form.

- If you are a new hire or you have recently selected a CIGNA HealthCare plan option already offered by your employer, you will need to complete the Transition of Care/Continuity of Care Request Form and submit this form to your CIGNA HealthCare claim office. The address is on the back of your CIGNA ID card.

(3) are receiving inpatient, residential, partial hospitalization or intensive outpatient services, regardless of your plan type, call (or have your health care professional call) the Customer Service number on the back of your CIGNA ID card.

In #8, include information about your current or proposed treatment plan and the length of time your treatment is expected to continue. If surgery has been planned, state the type and the proposed date of the surgery.

In #11, briefly state the health condition, when it began and what health care professional is currently involved? How often do you see this health care professional? Please be as specific as possible.

Transition of Care/Continuity of Care requests will be reviewed within 10 days of receipt. Review for Organ Transplant requests may take longer than 10 days.
